Sailam mangilwar

SWOT

1) Strengths

- i) I have a passion for machine learning
- ii) I am good at sports like volleyball, TT, Kabaddi.
- iii) I have done lots of project in machine learning.
So, I have good basic knowledge and skills.
- iv) I have my own Time Table - which I follow everyday.
- v) I am good at time management.

2) Weakness

- i) I am good at time-management. So, when I gave with some project, I complete it before time. Hence, I expect same things from my colleague, which make my job life complicated.
- ii) I have stage-fear.
- iii) I trust people easily, which helps them to take advantage of me.
- iv) I am not so good at communication skills.

3) Opportunities:

- i) I get so many offers for project.
- ii) I go to library 4 times a week, where I find so many good books on machine learning or AI.
- iii) I have so many opportunities of attending guest lectures.
- iv) Every weekend, I go to play sports like volleyball, on college ground.

4) Threats

- i) I am addicted to TV series, which sometimes create threat of disturbing my time-table -
- ii) I get distracted by ^{going on} things with friends, home-sick which diverts my ~~wide~~ mind.
- iii) I now, I am afraid of trusting people.
- iv)
